

Financial Agreement

Payment for dental services is expected at the time of service. We do not work for any insurance company. Therefore, you should fully understand your insurance policy (if applicable) prior to beginning treatment.

We accept the following forms of payment:

- Cash
- Check (you will be charged a fee for any returned checks)
- Visa / Mastercard / Discover
- Care Credit*

Care Credit is similar to a credit card and can be used at any dental or medical office that accepts it. This is a smart choice as most dental work can be paid off interest-free for 12 months. Please ask any staff member for details.

The patient portion for all services including fillings is expected at the time of service. Crowns, dentures, partials or other major services may be paid for in full at the initial appointment, or we expect 50% at the first appointment and the remainder due at the delivery appointment. If you pay your anticipated balance in full on the first day of treatment, we will extend a 5% discount to this treatment.

Unpaid accounts will be charged interest and accounts older than 60 days will be turned over to a collections agency which may affect your credit rating. If your account is overpaid and has a balance greater than \$50, we will mail you a check (balances less than \$50 will remain as a credit in your account).

I am aware of the financial policy for this office:

Signature

Date

If this agreement is signed by a personal representative on behalf of a patient (i.e. minor), please sign below:

Personal Representative's printed Name and Signature

Relationship to Patient

Upon request, we will provide a copy of this document for your records.
